Shade Sails:
Visitors to the school will not miss the new shade sails over the play equipment and sand pit. They look so inviting and playful in their blue and green colours.

These new sails a permanent fixtures and will not need to be put up and down according to the seasons.

Official Opening of BBQ Area:
Parents and the community are invited to the official opening on Wednesday, 22nd June between 12 and 2pm. Students will be involved in hosting this occasion and P & F will help with catering.

We are expecting a number of visitors on the day and hope that you will be able to join us for the occasion.

Working Bee:
Now that the official opening is nearing, there are a few last-minute jobs that need doing in the BBQ area and around the site. If you are available, we will meet this Sunday at 8am. Jobs include completion of the doors to the gas cage, seating, blind installation, raise the level of the paths to enter/exit the area and a range of smaller tidy-up jobs.

Please let Tony or myself know if you are able to come and help.
Lightning Premiership:
This year our Years 4 – 6 students have entered in the T20 Blast cricket competition to be held as a part of Lightning Premiership this Friday. There are 8 students on a team and so we will have two students to rotate through the games and support the team. We have done some extra bowling practice today and, perhaps, this will be our secret weapon to success!!

I need to ask if two parents might be available to assist with transport and supervision. I can take 4 students and we will need provision for the remaining 6. Please let me know if you can help.

Details: 
Venue: Jubilee Oval, Maryborough
Start: 9.45am
Finish: 2pm

Permission slip is attached and needs to be returned tomorrow.

Kids Thrive:
Students in Years 4 – 6 have been working towards completing their philanthropy project proposal. The big ‘pitch’ event is happening in Maldon on Tuesday, 14th June from 10am to 1pm. Each of the groups from each of the schools will present their project to a panel from industry, community and education with the aim of securing funding.

Parents are welcome to attend and assistance with transport for this event would also be appreciated.

AFL Excursion:
Last Sunday, five students from the senior class went to the MCG to watch the thrilling game between Collingwood and the Bulldogs.

I want to compliment the students on their high level of responsibility in the way they managed using public transport and 51,000 spectators at the ‘G’.

Thanks also to Darren who came along as a parent to support the excursion.

4-6 Classroom:
The main focus this week has been our deeper analysis of The Sapphires. This has involved exploring the way in which each character is introduced into the film and what qualities and temperament for each character the film directed is attempting to portray. Students are then looking to examine one character in detail with a particular focus on their significant experiences in the film that changes or deepens their character. Each student will share their work as a presentation to the class.

We continue with our regular spelling, times tables and homework. Parents are reminded that homework is set each week and should be completed and submitted by the Thursday of the week.
You are invited

To Tarnagulla Primary School's Puppet Production

At The Tarnagulla Town Hall, Commercial Road, Tarnagulla

When 6pm
