Our school recognises the importance of the partnership between our school and parents and carers to support student learning, engagement and wellbeing. We share a commitment to, and a responsibility for, creating an inclusive and safe school environment for our students.

The programs and teaching at Tarnagulla Primary School support and promote the principles and practice of Australian democracy, in accordance with the Education and Reform Act 2006, including a commitment to:

- elected government
- the rule of law
- equal rights for all before the law
- freedom of religion
- freedom of speech and association
- the values of openness and tolerance.

This policy outlines our school's vision, mission, objective, values and expectations of our school community. This policy is available from the office and on our school website.

VISION AND VALUES

Tarnagulla Primary School believes that all students have the potential to learn and succeed in an environment of dignity and respect. Students will inevitably make mistakes and it is our role to help students recognise them, learn from them and support change.

The school's mission is to 'Inspire learning.' According to our Education Policy we believe that effective learning occurs when outstanding and innovative teachers fully capture Intentional, Self-directed and Spontaneous learning opportunities. The expectation is that students will be successful and enthusiastic learners capable of building positive relationships in a modern world.

Tarnagulla Primary School values safety, respect and effort:

- **Safety – First:** Safety of self and others in play, in the classroom in speech and in attitude.
- **Respect – Always:** We treat each other with kindness regardless of the circumstances.
- **Effort above Achievement:** We try our best in everything we do.

We value the children of our school. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and tolerance in our organisation, and people from all walks of life and cultural backgrounds are welcome. In particular we:

- promote the cultural safety, participation and empowerment of Aboriginal and Torres Strait Islander children
- promote the cultural safety and participation and empowerment of children from culturally and/or linguistically diverse backgrounds
- ensure that children with a disability are safe and can participate equally.

All members share responsibility for the development of an inspired, educational community of independent citizens.

Learning will be maximised within a safe environment, where students feel both motivated and empowered as they strive to be the best they can be. Environmental awareness will be promoted across the school community, fostering respect for personal and communal property and our environment.

Life-long learning will be fostered for all members of the school community. It will be both collaborative and independent, following individual pathways to the future. Diverse learning styles, interests and abilities will be catered for through flexible teaching styles. Learning will be through participation in engaging, meaningful curriculum incorporating both broad curriculum and relevant life skills. It will promote creative thinking and problem solving and participation.

Technology plays an important role in accessing the curriculum for students with additional learning needs. Individually tailored and mainstream computer programs provide support for student learning.

Pedagogical principles identified to support achievement of our vision are:

- The child is at the centre of all learning
- The school will hold high expectations for and by the learning community and all members within it.
- Engagement will be facilitated through promoting thinking, active inquiry and relevant learning.
- Diverse learning styles will be catered for and supported through use of a wide range of teaching strategies and learning technologies
- Relationships are the key foundation to developing effective engagement with all members of the community. Interpersonal relationships and collaboration will be fostered within the school community.
